

## Per Diem Phlebotomist

PRN Home Health & Therapy is a reputable locally-owned company specializing in home-health and contract therapy. We treat our patients with compassion and respect by taking time to get to know the people we care for.

### Summary Statement

The Phlebotomist works under the supervision of the RN and/or Director of Nursing. Phlebotomist are expected to comply with the Standards of Practice for Phlebotomist. Properly identify patients and correctly use phlebotomy methods (e.g. venipuncture, skin puncture). We'll rely on you to preserve patient health and quality of samples.

- Arrange daily activities based on urgency of requests for fluid samples
- Travel throughout the Madison, Wisconsin and surrounding areas to assigned patients' homes.
- Decipher the best method for drawing blood depending on the specific patient
- Transport all specimen samples to a nearby laboratory
- Centrifuge blood samples, depending on if this is allowed in the state you are working in
- Be friendly, courteous and sympathetic when it comes to working with patients
- Practice infection control standards at all times when working with patients and equipment
- Identify patients and their personal information using their ID, documents or other means
- Determine the right venipuncture method based on patient age, health etc.
- Draw blood using sterilized needles, vials and other equipment
- Ensure optimal quality and quantity of samples
- Keep accurate records on fluid specimens and tests, send or deliver them for testing
- Adhere to all relevant health and safety standards while working
- Knowledge of legal requirements about drawing blood, handling fluid samples and use of relevant medical equipment and material
- Attention to detail

### Education Requirements

- CEUs as required by state licensure regulations
- Client specific training/skill validation
- Certification in Phlebotomy or extensive on-the-job training

### Training, Skills, Knowledge and/or Experience:

- Proven experience as a Phlebotomist or Phlebotomy Technician
- Experience with effective puncture techniques
